- **Cost effective** fine mist sprayer
- Caps diameters from 18-24 mm
- Output from 0.1ml – 0.2 ml
- Standard colours are all white, all black & all natural

MINI TRIGGER SPRAYER MODEL MT

- **Distinctive look** from normal trigger sprayer
- **Reduced fatigue** compared to finger sprayers
- Compact – will fit on 20, 24 or 28mm necks
- Easy to use integrated lock function

TRIGGER SPRAYER MODEL T05 & TRIGGER FOAMER MODEL T05F

- A **high quality** sprayer - confidence in performance
- **ALL PLASTIC** - fully recyclable construction
- A modern design with smooth lines - visually appealing
- Ergonomic shape with easy-grip trigger and nozzle
- Two position nozzle – Spray and Stop
- Enhance your product with a Foaming nozzle
- Screen diffuses product - makes 'dense' foam

TRIGGER SPRAYER & TRIGGER FOAMER MODEL T2

- A vertical pump mechanism - **lower cost**
- Angular lines, making it visually smart
- 3-position nozzle offers spray and jet patterns
- All White, All Natural, All Black, Blue/White, Red/White, Green/White, Yellow/White colours available from stock
- Foaming model creates 'wet' foam

ADJUSTABLE TRIGGER SPRAYER MODEL T08

- **Eye catching** solid body colours
- **SIX colours** available from stock
- Comfortable sprayer, people will want to use
- **Generous 1.3ml output**
- Enhance your product with an optional Foam nozzle
- Spray further with a lance extension
- Spray from 5 lt containers with a long tube version

TRIGGER SPRAYERS & BOTTLE

ADJUSTABLE TRIGGER SPRAYER MODEL T9

- Robust sprayer at an **affordable** price
- Natural “technical” look body
- Heavy duty re-usable sprayer
- Fully adjustable nozzle
- Protected reventing system which avoids damage to the trigger
- Dip tube filter, stops particles blocking the sprayer
- Choice of **five stock colours** - to colour code your products

HEAVY DUTY TRIGGER SPRAYER MODEL T06

- Robust and long lasting
- **High 2.2ml output** - for spraying a lot of product
- **THREE finger grip** for comfort and good leverage
- Great compatibility with Nitrile or Viton pistons
- Fully adjustable spray pattern
- An optional Foam nozzle
- Spray further with a lance extension
- Spray from 5 Lt containers with long tube version

Long tube, foam nozzle & extension lance for the T08 and T06 models

TRIGGER BOTTLE 750ML 28/400 MODEL B75

- Good looking and comfortable to hold
- Graduated to dilute chemicals
- Customise with our **screen printing** service
- Round, stable base, hard to knock over
- Secure thread avoids any leakage
